

Your Reliable China Sourcing Partner

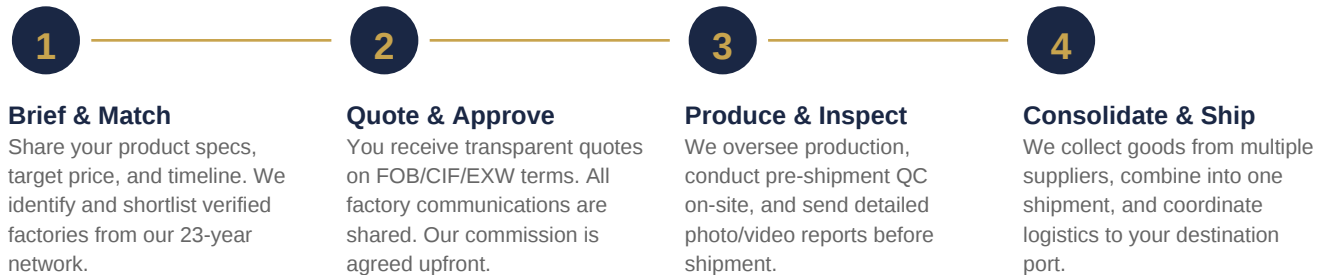

Small MOQ · Transparent Commission · One-Stop Consolidation

With 23 years in global trade, Yumi Yang has sourced across China's manufacturing landscape — from consumer electronics for leading Hong Kong and Shenzhen enterprises, to garment accessory programs supplying major European and American fashion brands, to building supply chains across household goods, hardware, beauty tools, and mobile accessories. This cross-industry depth means Z-Pick doesn't just know factories — we know product. Whether you're importing zippers, kitchenware, fasteners, makeup brushes, towels, or phone cases, you work with a partner who has stood on the factory floor, audited the production line, and negotiated the price. We serve importers across the Middle East, Russia, and Central Asia — six categories, one trusted partner, complete transparency from quote to shipment.

How We Work

Why Choose Z-Pick

100% Transparent Commission

You see the factory price and our fee separately. We accept zero kickbacks from factories — ever. Our interests are fully aligned with yours.

On-the-Ground QC

Our team physically inspects every order before shipment — materials, workmanship, packaging, and quantities. Detailed photo and video reports provided.

Verified Factory Network

Over two decades of personally audited suppliers across all six categories — garment accessories, kitchenware, hardware, beauty tools, textiles, and electronics. Factory relationships built on the ground in Guangdong, Zhejiang, Fujian, and Hebei — not Alibaba searches.

Flexible MOQ

We welcome small orders from 10-50 pieces per item. Perfect for test orders, seasonal restocks, and growing businesses.

Multi-Category Consolidation

Source from 6 product categories in one shipment. We handle pickup, inspection, packing, and export documentation for all suppliers.

Your Terms

FOB, CIF, or EXW — whichever suits your business. 100% T/T before shipment. No deposit risk, no hidden costs.
